

**What: CAREER FAIR at Lincoln Financial Field**  
**When: November 29, 11:00 to 3:00**  
**Purpose: To assist veterans, wounded warriors, shipmates and other former military in finding job placement in industry**

---

## Event will include:

3 mini presentations that will cycle throughout the morning on the following topics:

- How to sell yourself as a vet – focusing on the benefits to employer
- How to talk like a civilian – translations of military KSAs (project and work experiences) into skills the labor market wants
- How to network – virtual and F2F

There will also be tables with handouts on "how to get a job" type topics and some coaching sessions, as possible, for individual Vets.

With our Veterans separating from active duty, they are finding it difficult to find work. This is clear in the statistics of the base unemployment rate of 9.x % vs. Veterans at nearly 26%. Wounded Warriors, Disabled Vets, etc. have an even greater challenge. As companies in or associated with the Defense Industry, we are obligated to give this pool of talented people a closer look for positions we routinely fill. Please impart your companies HR/Recruiting departments with a strong request to join us at this event.

## Additional Information

- All NDIA member companies will get a 10% discount off the non-discounted (Vet Owned, Small Bus., etc.) exhibitor rates.
